3. It is also proposed that the following billets in overseas commands be authorized CHALICE clearances so that, as required, the incumbents will be in a position to provide intelligence, operations and logistic support to Project Operations to include the provision of technicians to man base facilities. It would also provide Project Operations with high-level contacts in the theaters, and conversely, serve to keep senior commanders cognizant of operations mounted from their area of responsibility and capabilities present therein.

- a. SACEUR, when a U.S. officer, and his TCO.
- b. Commanding General, USAREUR, his G-2, and TCO.
- c. Commanding General, EUCOM, his G-2, and TCO.
